PEACE BY ARMISTICE

KAISER SIGNS HIS ABDICATION

"May Be for Good of Germany," He
Says, As He Affixes His Name

(By Associated Press)
London, Nov. 10, 2:04 p. m.—Emperor William signed a letter of abdication on Saturday morning at the German grand headquarters in the presence of Crown Prince Frederick William and Field Marshal Hindenburg, according to a dispatch from Amsterdam to the Exchange Telegraph Company.
The German Crown Prince signed his renunciation to the throne shortly afterward.
It is believed that King Ludwig of Bavaria and King Frederick August of Saxony also have abdicated.
The ex-Kaiser and the former Crown Prince were expected to take leave of their troops on Saturday, but nothing has been settled regarding their future movements.
Before placing his signature to the document an urgent message from Philipp Scheidemann, who was a Socialist member without portfolio in the Imperial cabinet, was handed to the Emperor. He read it with a shiver. Then he signed the paper, saying:
"It may be for the good of Germany."
The Emperor was deeply moved. He consented to sign the document only

when he got the news of the latest events in the empire.
Serious food difficulties are expected in Germany, owing to stoppage of trains.

GIVEN 24 HOURS TO LEAVE

(By Associated Press)
London, Nov. 11.—The period given for the evacuation of the left bank of the Rhine by the German forces is extended by 24 hours according to a French wireless dispatch received here.

MORE RULERS ABDICATE

(By Associated Press)
Copenhagen, Nov. 11.—The Grand Duke of Oldenburg has been dethroned and the Grand Duke of Mecklenburg-Schwerin has abdicated according to dispatches from Hamburg.

(By Associated Press)
Washington, Nov. 11.—President Wilson will read the terms of the armistice to Germany at 10 o'clock before a joint session of Congress today.

Washington, Nov. 11.—President Wilson issued a formal proclamation at ten o'clock this morning announcing that the armistice with Germany had been signed. The proclamation follows: "My fellow countrymen: The armistice was signed this morning. Everything for which America fought has been accomplished. It will now be our duty to assist by example by sober, friendly counsel and by material aid in the establishment of true democracy throughout the world. Woodrow Wilson."

ANNOUNCEMENT OF ARMISTICE

(By Associated Press)
Washington.—The world war ended at 6 o'clock this morning, Washington time, with Red revolution in Germany and with William Hohenzollern, former Emperor, a fugitive from his native land. Announcement was made that the armistice terms imposed by the allied and American governments have been signed by the German envoys at midnight, 5 o'clock Paris time and hostilities would cease 6 hours later, was made at the State Department at 2:45 o'clock this morning.

TO CEASE FIRING ON ALL FRONTS AT 11 A. M.

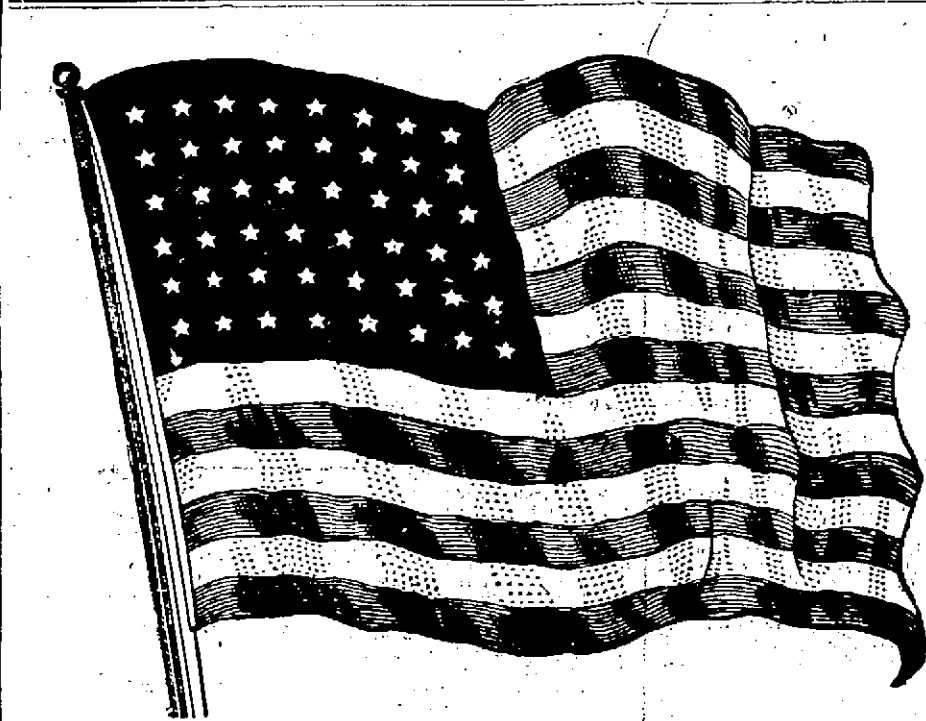

(By Associated Press)
London, Nov. 11.—Marshal Foch, according to wireless dispatch received here, notified the German command that hostilities would cease on all fronts after Nov. 11, at 11 a. m., 6 o'clock Washington time. It was announced that the allied troops would not wait further orders beyond the line reached at that hour.

PRUSSIAN MINISTER UNDER ARREST

(By Associated Press)
Paris, Nov. 11.—The Prussian minister at Hamburg has been arrested at his home in this city according to a Brussels dispatch.

THE SITUATION IN GERMANY

(By Associated Press)
Paris, Nov. 11.—The situation in Germany today so far as it can be ascertained from news arriving through Switzerland may be summed up as follows: In Prussia the Emperor has gone and the Socialist government is in power. In Bavaria and Württemberg republics have been proclaimed. The royal family of Oldenburg has fled and a revolution is reported. A republic has been proclaimed in Schleswig-Holstein, Hamburg, Cologne, Essen, Muehlen, Aix in Chapele, and many other cities are now in the hands of the revolutionists.

MEN WILL CONTINUE TO BE CALLED

(By Associated Press)
Washington, Nov. 11.—Calls for the navy and marine corps are not affected by the communication of the signing of the armistice and the entrainment of men for the service will be continued as ordered. A small number of men in eastern states commenced entraining today at 6 a. m. for cantonment under the call, and the communication comes too late to affect their status today. They will be considered as in the army until demobilized.

PRAISE SERVICE AT NORTHCHURCH TUES. EVENING

A union service of praise and thanksgiving will be held at the North Church on Tuesday evening at 7:30 o'clock. The singing will be led by a united chorus.
The large edifice should be fitted to the doors at this praise service as everyone should be glad of the opportunity to sing praises to God.

MAY CAPTURE KAISER AND PUNISH HIM

(By Associated Press)
Milwaukee, Wis., Nov. 11.—International law in the form of extradition treaty may be invoked to punish William Hohenzollern, ex-Kaiser of Germany, for his crime. If Holland will release him, says William H. Taft.

Portsmouth was among the few cities that kept its head while the fake peace stories were in circulation.

KAISER NOT WANTED IN HOLLAND

(By Associated Press)
London, Nov. 11.—The arrival of William Hohenzollern, the former German Emperor with his wife and eldest son has caused excitement and uneasiness among the Dutch authorities and public says a dispatch from Rotterdam. It is officially stated that the refugees did not obtain authority from Holland to enter the country and passed the frontier in the neighborhood of Tyslen where the guard was weak at that point.

GERMAN GARRISONS IN REVOLT

(By Associated Press)
Amsterdam, Nov. 11.—German garrisons along the Dutch frontier are reported in revolt, officers are being disarmed and are being treated roughly in some instances.

REVOLUTION IN GERMANY A FACT

Copenhagen, Nov. 11.—The revolution in Germany is today to all intents and purposes an accomplished fact. Fourteen of the 26 states, including the four and all other important states are reported securely in the hands of the revolutionists.

RED MEN'S NOTICE.

The regular meeting of the Massachusetts Tribe of Red Men will be held Monday evening, Nov. 11, at 8 o'clock, at Pythian hall. All adjoining Red Men at the shipyards and navy yard are cordially invited.
J. FORD HARRISON,
Chief of Records.

GREAT MILITARY MACHINE TO CONTINUE

(By Associated Press)
Washington.—The signing of the armistice with Germany does not mean that the great American military machine will cease to operate at once. America must play an important part in this work. Even the movement of troops to France will be continued although on a greatly reduced scale. During the interval between the cessation of hostilities and the conclusion of the peace conference it is assumed that the major portion of Gen. Pershing's infantry forces in France must be retained there. It is possible also for reasons of international policy that some Americans may be kept in disputed territory even after the actual peace negotiations have been brought to a close.

SALOONS CLOSED AT NOON IN BOSTON

(By Associated Press)
Boston, Nov. 11.—Police Commissioner Michael H. Crowley later issued an order closing all places where liquor is sold in this city immediately.

NO REDUCTION IN NAVAL FORCES

(By Associated Press)
Washington, Nov. 11.—Secretary Daniels announced today that no immediate steps would be taken to demobilize any part of the naval forces of the United States. It was hinted at the Navy Department that the United States might be called upon to do the greatest share of the navy police work for enforcement of the armistice terms.

SOLDIERS COUNCIL ISSUES PROCLAMATION

(By Associated Press)
Copenhagen, Nov. 11.—A semi official telegram received here from Berlin says that the soldiers' council has issued a proclamation announcing that it has taken over the military administration and that these orders must be obeyed. The proclamation in part says: "Comrades, we have bled and battled together, we will lead Germany toward a happy future, be absolutely true to our people, we will work in unison with the workmen. You will soon regularly receive orders from the soldiers' council."

FRENCH REACH THE BELGIAN FRONTIER

(By Associated Press)
Paris, Nov. 11.—The Belgian frontier east of the forest of Treton east of Avesnes has been reached by the French according to the War Office announcement today. Italian troops have entered the town of Bleret, less than 2 miles from the frontier between Mezières and Sedan. The French have forced their way to the east bank of the Meuse between Luncz and Virigne.

STOCK EXCHANGE IS CLOSED

(By Associated Press)
New York, Nov. 11.—With Wall Street riotously celebrating the dawn of peace the Board of Governors decided not to open the New Stock Exchange today.

STREET FIGHTING IN POLAND

(By Associated Press)
Amsterdam, Nov. 11.—Street fighting is taking place in Warsaw the capital of Poland. The railway station there has been occupied by Polish forces who have refused the German troops in the city permission to pass through the Polish frontier.

LONDON HEARS OF ARMISTICE

(By Associated Press)
London, Nov. 11.—It is officially announced that the armistice between the allies and Germany has been signed. The announcements were made by Premier Lloyd George who said "The armistice was signed at 5 o'clock this morning and hostilities are to cease on all fronts at 11 o'clock today."

RYE

Rye, Nov. 11.—A business meeting of the Rye Branch American Red Cross will be held at the Congregational vestry Wednesday evening, Nov. 13th at 7:30 o'clock. A full attendance of the members is requested.

EX-KAISER, CROWN PRINCE AND VON HINDENBURG HAVE FLED TO HOLLAND

(By Associated Press)

London, Nov. 10.—The former German Emperor and party, which included Field Marshal Hindenburg, arrived at Exsden on the Dutch border at 7.30 Sunday morning, according to the Daily Mail's correspondent. Practically the whole of the German Staff accompanied the German emperor, the party riding in ten automobiles, which were guarded with rifles and all of the party were armed. The ex-Kaiser was in uniform and he alighted at the station and walked about smoking a cigarette.

William Hohenzollern, the abdicated emperor of Germany and Prussian king, with his eldest son, Frederick William, Crown Prince, who hoped some day to be ruler of Germany, have fled to Holland.

The revolution, which is spreading through Germany, seems to be a peaceful one, but it probably threw the fear into the Kaiser and the Crown Prince and made them seek a haven in a neutral country.

William II, King of Württemberg, is declared to have abdicated and the Grand Duke of Baden has decreed a council of state to take over the government.

Dynasty in Germany is to be suppressed and all the Princes to be expelled from the country. People's governments have been established in the greater part of Berlin, in Lipps, Stuttgart, Cologne, Essen and Frankfurt, which have gone over to the revolutionists. In Berlin there was fighting between the revolutionists and the reactionary group and several were killed and wounded. The palace of the Crown Prince has been taken over by the revolutionists.

"On with the Republic," and the singing of the Marseillaise was heard in Berlin in all parts of the city.

Friedrich Ebert, the socialist leader who has been appointed Imperial Chancellor, has issued a proclamation in which he states he will form a people's government which will speedily bring about peace.

Meanwhile the terms of the Allies by which Germany may have an armistice have reached the German headquarters and thus far there is no indication that the reply has been received by Marshal Foch. Whether the terms

have been sent to Berlin to the new Chancellor to act upon or not is not known. The time limit set by the Allies expires this Monday morning.

On the battlefield the Germans everywhere are suffering defeat. In the north Field Marshal Hindenburg has driven the enemy beyond the Franco-Belgian borderland across the Sambr canal and now are within gun range of Brussels. The Germans are showing little resistance with rear guard action, but the British are overtopping this and have captured large supplies of munition, guns, and even rolling stock.

Likewise the French are still in pursuit of the enemy and before them the German retreat has become somewhat disorderly. Everywhere they are abandoning their guns and supplies and in some cases entire railroad trains have been left. All of the enemy lines of communication are blocked except the road leading from Metz.

General Pershing's troops continue to make gains on both sides of the Meuse river and the Second Army has launched a new drive on the Moselle river. On the Meuse, Senay has been captured after a stubborn fight. On the Moselle river strong posts and woods have been cleared and the enemy driven from Bois de Werville, from the northern fringes of which the great German fortress of Metz is but ten miles.

DOVER

Dover, Nov. 11.—A grand rally was held in the Opera house Saturday evening in behalf of the great drive in this city for the sum of \$44,000 which is Dover's quota in the United War Work campaign. The speakers were Rev. John J. Bradley, of St. Mary's church, followed by Private Herbert Franklin, who has just returned after spending months in France, where the fighting was the fiercest, the third speaker was Rev. Robert W. Cox, pastor of the First Congregational church. The boys' orchestra furnished music and Miss Mackie Dooner rendered two vocal selections.

Mrs. Susan A. widow of Simon B. Polson, was found dead at her home at 31 Spinnier street about 3 o'clock Saturday night and it is believed that she had been dead since early morning.

Late Saturday afternoon her grandmother, Robert Polson went to the house as was his daily custom, to see his grandmother. He found the doors locked and looking in the window saw his grandmother sitting in a chair near the window and he thought she was asleep so he decided not to disturb her and went away. Later he returned and found her in the same position. He called a neighbor to inform him and Mrs. Ella M. Polson, that he feared something had happened to his grandmother. Mrs. Polson went to the house and not being able to arouse her mother-in-law she notified the police. An entrance was obtained through a window and it was found that the room was full of gas and that the woman had died of asphyxiation.

The medical referee of the county, Dr. Forest A. Keary of Rochester after investigation ordered that the body be turned over to the local undertaker and pronounced the cause of death as gas asphyxiation from an open gas leak. Mrs. Polson was born at Lowell, Mass., May 20, 1842 and came to this city more than 50 years ago and has resided here ever since. She was a much respected woman and her untimely death is regretted by all who knew her. She is survived by a daughter-in-law, Mrs. Ernest B. Polson and three grandsons, Robert, Russell and Edward Polson. The funeral services were held at her late home, 31 Spinnier street this afternoon at 2 o'clock.

Jacques Carrier died at his home at No. 1 North Pine street Friday afternoon aged 78 years. Mr. Carrier was born in Canada but had been a resident of this city for 27 years. He is survived by three sons, Joseph of Rockton, Mass., George and Theodore of this city, two daughters, Mrs. Corina Foster and Mrs. Alex Lebric both of Dover.

A company of soldiers, which has been at Fort Constitution which includes a number of Dover boys left there Saturday morning for overseas service. The members of the company were given a few hours leave of absence to visit their homes before going overseas.

Letter Carrier Wilbur W. Corson, who has been a patient at the Wentworth hospital for the past few weeks is reported as steadily improving. The public evening schools of Dover, which open next Monday night, Nov. 11 at 7.15 o'clock. Registration for membership will be at the high school building where all sessions will be held on Monday, Wednesday and Friday nights from 7.15 to 9. It is expected that there will be many who will take advantage of the modern methods of teaching English to new Americans.

William H. Knox of Madbury, automobile inspector of New Hampshire was in town on Saturday for a short time.

WELD SEVEN WAR WORK AGENCIES INTO RELIEF ARMY

Great Organizations Which Are Helping to Keep Up the Morale of Fighting Millions Unite in Campaign for \$170,500,000.

With millions of American men on war fronts, in training camps and on the seas and with thousands of American women on foreign soil, all engaged in the stupendous task of making the world safe for democracy, a great duty devolves upon those who remain in the United States—the duty of sending "Home" to those who have put "Home" behind them for the period of the war. The agencies through which this can be accomplished are joined in the United War Work Campaign.

From being given the cigarette or chocolate bar, with which he starts his hunger in the fury of battle, to the theatrical entertainment or the athletic games, which relax him into normal comfort after weeks of terrible combat, the American fighter is dependent upon the continued efforts of the Y. M. C. A., the Y. W. C. A., the National Catholic War Council and K. of C., the War Camp Community Service, the Jewish Welfare Board, the American Library Association and the Salvation Army. To carry on this work the combined welfare organizations are seeking a fund of \$170,500,000.

The Y. M. C. A. provides 528 huts in American training camps and more than 800 in the war zone as centers where the fighters can use as clubs, schools, theatres, stores, churches, libraries and writing rooms. More than 7,000 men and women had been sent overseas or approved for overseas work by early autumn and 8,822 were serving in American camps at home.

Y. M. C. A. huts are the centers of the American Expeditionary Force and are the theatres where the American entertainers, sent over by the "Y" appear. Notes American public men and clergymen speak in the huts. Classes are conducted there. Millions of letters are written there on paper provided free by the "Y." Physical directors of the "Y" teach and spread mass athletic training material furnished free by the organization.

The Y. W. C. A. does similar work for the thousands of American women in war work overseas—signal corps, telephone operators, nurses and French munition workers. It provides cafeterias, rest and recreation centres, entertainment and reading for these women and girls.

The Y. W. C. A.'s outstanding contribution to soldier welfare work in training camps was the establishment of Hostess Houses, where the soldier or sailor may receive his mother, wife, sister or sweetheart in the surroundings and atmosphere of the best homes.

The National Catholic War Council co-ordinates all Catholic welfare work in support of the government and through the K. of C. provides clubhouses for our fighters in all American training camps, as well as having seventy-five centres in France and three in England. In their huts the K. of C. provides entertainment, movies, boxing bouts, educational work, religious services, free steno-graph, reading matter and writing rooms. In France their rolling caption accompanies the American army, their secretaries march with the troops, giving away cigarettes, cookies, chocolates, soap and towels.

The K. of C. had 800 workers in France at the beginning of autumn, with 450 more passed by the government and 200 others signed up. At the same date they had 488 secretaries in American training camps, 150 huts, fifty-six more in the course of erection and contracts let for fifty more.

War Camp Community Service functions exclusively in America, its special mission being to "surround the camps with hospitality." In place of leaving the soldier or sailor to the promiscuous companions and diversions formerly his lot, the organization obtains for him the best to be had in communities adjoining camps or through which he passes.

W. O. C. S. obtains for him invitations to dine, bathe or spend the day in the best homes. It introduces him to the best women and girls at social gatherings, church entertainments, theatre parties. It arouses communities to provide concerts, athletic contests and other wholesome diversions for the soldier, and to drive out or discourage the vicious elements which have been historic camp followers.

The Jewish Welfare Board is carrying the strength and purposes of 100,000 Jewish soldiers, sailors and marines with that of the Gentile soldiers. The board teaches the English language, American civics and ideals to thousands of young Jewish men who have been inducted into service after only a few years' residence in this country. While assisting in the religious rites, the board assists in the process of welding the Jewish soldier into the solid American unit and in bridging over the differences between him and the others.

The American Library Association is providing reading matter for every American soldier, sailor, marine and prisoner of war. In addition to gathering and forwarding three million

GERMANY MUST PAY ALL DEBTS

Washington, Nov. 11.—Dispatches received today by the Washington government, most of them by wireless from Naugem, Germany, by authority of the new Socialist masters of the German empire, tell the story of the great events that have taken place, revealing them as fore-runners of even more important happenings near at hand. One dispatch received by the general staff of the army from the Rhine, dated today, repeats a press report that the Kaiser arrived this morning at Maasricht, Holland, and was proceeding to Middelhaeten castle in the town of Dorest, near Utrecht.

Meanwhile the government is without information as to whether or not the armistice exchanges have been concluded. Owing to various difficulties the German courier sent by the Berlin government's parliamentarians from Marshal Foch's headquarters with the armistice terms of the allies did not reach German general headquarters until late Saturday.

ALL OF CREW WERE SAVED

(By Associated Press)
Washington, Nov. 10.—Eighty-one persons who were aboard the American steamer, Srotha, which sank after an explosion off Ocean City, Maryland, have been landed, according to the Navy Department. There was no loss of life.

KITTERY POINT

Kittery Point, Nov. 11.—Mr. Myron Waller who purchased the farm owned by Mrs. Louis Rice, about three years ago, has purchased another large farm in Burlington, Vt., and has moved his household there. Mr. and Mrs. Waller were well liked and made many friends in town who with their neighbors are sorry to have them leave. They have rented their farm here to Mr. Robinson who has been living at the Colby farm on Norton road.

Mr. and Mrs. Jesse Billings and daughter Miss Jessie May of North Hampton visited Mr. and Mrs. Robert Billings on Sunday.

Miss Florence Patch returned to her studies at Trinit Academy today after several weeks' illness from influenza. Mrs. George Gumpson will entertain the meeting of the Red Cross at her home on Tuesday afternoon. Private Benjamin Wood of Camp

Devens, spent the week-end with friends in town.

The Ladies' Sewing Circle of the First Christian church will meet all day Thursday at the home of Mrs. Joslin Sawyer. A good attendance is requested as much work is to be done.

A meeting for the formation of a Sunday School Teachers training class will be held at the Second Christian church this evening at 7.30. Chaplain Rountree of the navy yard will be there to organize. This class will be for the Sunday school teachers of the different churches in town and for older scholars.

MOVING PICTURES ON STORE EFFICIENCY AND PRACTICAL IDEAS HELPFUL TO THE MERCHANTS AND SALESPERSONS.

War Speakers Will Also Appear on the Program.

One of the best things along educational lines that has come to our notice recently, and which has secured a great deal of commendable publicity from newspapers and letters of endorsement, from business organizations, in the largest cities, is the lecture and moving pictures on retail merchandising that is being sent out by the National Cash Register Co., of Dayton, Ohio. The Chamber of Commerce has been able to secure this entertainment for the benefit of the merchants and clerks of Portsmouth and will be presented at Pierce Hall, Tuesday evening at 8 o'clock, Nov. 12.

The title of the picture, "The Troubles of a Merchant and How to Stop Them." The feature film was made by the Essanay Company, at great expense, and is pronounced one of the cleverest pieces of work ever produced covering retail merchandising.

The wide-awake business man today is eager to keep pace with the latest ideas of storekeeping and better ideas in merchandising and these pictures and lecture come to our city at an opportune time. The lecture covers: Retail failures, their causes; store organization; newspaper advertising; window display; clerks' efficiency; selling methods; credit business; delivery problems, and system in retail business.

Any one of these subjects would be of great interest to the merchants and clerks and the one in particular which should receive favorable consideration from the business man today is the value of newspaper advertising—judiciously and constantly used. The lecturer will give some useful hints along these lines, as well as other phases of efficiency methods that will be helpful to the merchant and clerk.

There will also be run a humorous cartoon and altogether the program will be one of the most pleasing entertainments ever offered to our business men.

There will be no charge for admission.—Adv.

CELEBRATIONS OF "PEACE" COSTLY TO GOVERNMENT

Washington, Nov. 9.—Celebrations

of premature peace, such as the country enjoyed Thursday, come high financially. War extras, pie, eggs, horns and dinner bells, in the aggregate, run up a considerable sum against the celebrators, but the greatest expense was to Uncle Sam.

He footed the bill, indeed, for about 200,000 Government employees in war working establishments throughout the country. This number, it is roughly estimated, was celebrating instead of working for five hours, drawing their pay in the meantime. It totaled a real close to \$225,000. This was an expense to the Government of \$65,000 an hour.

Orders were sent from Washington to some places authorizing work to stop, such as was done at Elizabeth, N. J., but not generally. For the most part, at least in Washington, the officials had no control whatever over the war workers, who turned themselves out, apparently.

Many forcibly rushed through their duties were pulled along into the mad dance. Permission to parade was given here to employees in several departments, notably the Treasury, War, Postoffice and Agricultural Departments, to join the celebration, but already many had taken leave without the asking.

BOOSTING PORTSMOUTH AND HARBOR

Planning Greater New Hampshire and Making Use of This Harbor

Several business men from this city were at Manchester on Saturday when there was a large delegation of men from agricultural, manufacturing and financial interests assembled to devise ways and means for developing a "Greater New Hampshire," and it was of very great interest to this city, for the Portsmouth Harbor, and its facilities, were given a great boost.

One of the most interesting papers was that on "The Permanent Development of Portsmouth Harbor as a World Port," made by a special committee consisting of Louis H. Shattuck, chairman, H. C. Raynes, H. Clinton Taylor, John K. Bates and A. B. Jenks.

Conferences were held throughout the morning and afternoon to consider plans for port and harbor, water power, food production and distribution, highway transportation, agriculture and other developments.

The big affairs culminated Saturday evening with a gathering in the State Armory, which was preceded by a harvest supper, partaken of by 850 persons. After this came addresses by Sergeant Major R. J. Campbell of the Princess Pat Regiment, Hon. Clarence Ousley, Assistant Secretary of the Department of Agriculture, Washington; E. A. Baker of the National City Bank of New York, and Roland B. Mahoney, Assistant to the Secretary of the Department of Labor, Washington.

The New Hampshire Department of Agriculture and the County Farm Bureau held one of the most important conferences of the day, which was presided over by J. C. Kendall, director of the New Hampshire State College. The conference had to do with the greater development of New Hampshire along agricultural lines. Secretary Ousley spoke before this gathering.

fish naval exhibit, he said: "The navy was at work day in day out checking German attempts to raise native populations in India and elsewhere, in preventing the formation of raiding and submarine bases, and in the general protective measures against mine-laying and raiders of the vast overseas traffic, which included the transport of great numbers of troops from Australia and New Zealand; more than 100,000 Chinese coolies to France, and millions of tons of rice, sugar, oil, wheat, rubber, tin, etc."

"The outlying campaign in Mesopotamia was absolutely dependent on the navy for transport of troops and all supplies overseas. Rivers had to be dredged, wharves and piers built and railways laid. Japan, China, Hongkong, Siam, Straits Settlements, and India were unanquered for huge and small craft; Burma, Sumatra and Borneo for hundreds of thousands of tons of timber, and India for railway material and coal."

The same countries send large supplies to the Salonica armies and still larger of timber, petrol and what not to the armies in Egypt and Palestine."

Speaking at the opening of the British

In German East Africa the same story held good."

Speaking of the work of the British and American navies in transporting the American army, a task which he described as "one of the most remarkable feats of organization and endurance known in the world's history," Sir William said that while transports and cargo ships have been "exposed to every devilish device the enemy could invent," and had suffered great losses, "we must not forget that the price is being paid by the women and children of Great Britain, who are living on the barest allowance of food in order to free the necessary ships."

MEAT CAUSE OF KIDNEY TROUBLE

Take Salts to flush Kidneys if Back Hurts or Bladder bothers.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush out the body's urinous waste, get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then get fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.

FRANCE APPEALS TO AMERICA FOR MEN, FUNDS, SHIPS

Tardieu Declares Ten Billion Dollars Needed to Finance Reconstruction.

New York, Nov. 9.—An appeal to America to assist France in her reconstruction—with men, money, materials and ships—was made here tonight by Andre Tardieu, general commissioner for Franco-American affairs.

Declaring that the war has reduced by one-fifth the effective population of the republic, that 350,000 homes have been destroyed, that agriculture, commerce and industry in the invaded regions virtually have been wiped out, that French shipping and foreign trade have been reduced almost to non-existence, Mr. Tardieu said that approximately 50,000,000 francs (\$10,000,000,000) will be required to finance the process of restoration.

While France "for many months the main battle field of liberty and right," will draw upon her every resource and those of her colonies to mobilize the vast sum the commissioner stated, she confidently looks for assistance from the allies.

From America, Mr. Tardieu continued, making public, as he said, representations which he had presented to the administration at Washington, France asks for a contribution of labor by American troops now on her soil; for credits to the extent of 50 per cent of her reconstruction purchases in this country; for raw materials, railroad rolling stock and agricultural and industrial tools, and for diversion of part of the emergency fleet to the uses of French commerce. In explaining these needs to the American government, the commissioner said he was given a welcome by which he was deeply moved.

While France will exact restitution for German depredations, Mr. Tardieu asserted, speed in the reconstruction is imperative, and "America, on account of her immense capacity for production, ought to give us the first help."

The French commissioner's appeal to Americans was made in an address before the Association of Foreign Press Correspondents. Introduced by Frank Blinn of London, president of the organization, Mr. Tardieu attributed the allied victory to "the work of our soldiers and civilian population" and to the "loyal, wise and skillful policy" by means of which President Wilson enabled the allies and America, in answer to the German request to determine in full liberty our conditions of armistice." He continued:

"France has lost 2,500,000 men. Some are dead; some maimed, some have returned sick and incapacitated from German prisons. Whether they be lost altogether, or whether their working capacity be permanently reduced, they will not participate in this reconstruction."

"The 15th part of our people is missing at the very time we need all our material and moral forces in order to build up our life again."

"The younger, stronger part of our nation, the flower of France, has died on the battlefields. Our country has been bereft of its most precious resources."

"Our war expenses, 120,000,000,000 francs, are weighing heavily on our shoulders. To pay off this debt there are at hand only such limited resources as invasion has left us. The territories which have been under German occupation for four years were the wealthiest part of France. Their area did not exceed 6 per cent of the whole country. They paid, however, 25 per cent of the sum total of our taxes."

"The industrial disaster is complete. The districts occupied by the Germans and whose machinery has been methodically destroyed or taken away by the enemy were industrially speaking, the very heart of France. They were the very backbone of our production."

"Plants, machinery, mines—nothing is left. Everything has been carried away or destroyed by the enemy. So complete is the destruction that, in the case of our great coal mines in the north, two years of work will be needed before a single ton of coal can be extracted and ten years before the output is brought back to its figure of 1913."

M'CALL URGES SUPPORT OF WAR DRIVE

(By Associated Press)
Boston, Nov. 10.—Support of the United War Work campaign was urged by Gov. McCall in a proclamation issued today. He said that just as our boys are fighting "as one," so should we over here unite in the one great drive for their benefit.

"One thousand dollars for a boy has been paid by a (living) company of Blackstone, Ark., for 'Cherry Bob,' a 10-year-old boy, who weighs 500 pounds."

HELP RED CROSS KNIT SWEATERS FOR SOLDIERS

The Red Cross knitting committee will meet on Monday from 2 to 5 p. m. in the North Church parish house on Middle street. It is hoped that on the following Thursday the meeting will be held in the Elks' Home on Pleasant street. Two hundred sweaters was the allotment for the Red Cross to supply by Nov. 15 but the people have not responded well and it looks as if it will be impossible to have the work done right away. It does seem a shame that with our American boys in the thick of the fight this appeal to knit sweaters is not answered by more local people. The yarn is ready for anyone who will call on the Red Cross for it to make sweaters for the men over there. Now is the time we at home are buying

Portsmouth, N. H., Monday, November 11, 1918.

Let the Response Be Generous.

There is before the people another call for war funds and the money is to be raised this week. The campaign is to be known as the United War Work Campaign and is to be conducted by the Young Men's Christian Association, the Young Women's Christian Association, the National Catholic War Council, the Jewish Welfare Board, the American Library Association, the Knights of Columbus, the War Camp Community Service and the Salvation Army. It is hoped to raise upwards of \$175,000,000 and the money will be divided among these organizations to aid them in the work they are doing for the soldiers.

It is true that calls for financial aid in one form or another have come frequently since the United States entered the war, but the people have responded generously in every case, and there is every reason to believe they will do so now. The money will be used to supply comforts to the soldiers, and the funds will be judiciously handled. The organizations in whose hands it will be placed have proven their enthusiasm, their patriotism and their ability, and have done creditable and helpful work in support of the successful prosecution of the war.

In this work they have had the sympathy and support of the people, and these must not and will not be withheld at this time. While the war has been terminated, there is a large amount of work yet to be done and it is liable to be a long time before the soldiers in France are returned to their homes. In the meantime no act that can lessen the tediousness of the work they are doing should be omitted.

In a letter to the chairman of the Commission on Training Camp Activities President Wilson expresses the government's warm appreciation of the work done by the organizations that are unitedly making this call upon the patriotism and generosity of the people of the country, and he is confident that the campaign will be crowned with abundant success.

There is ground for the belief that there will be fewer of these calls from this time on, but that affords no excuse for failure to respond to this in a manner to show that the people still stand squarely behind the army and navy and are ready to do all in their power to make the lot of the men in the service as comfortable as possible. The members of all the organizations engaged in this movement have done valiant work in their respective fields and are prepared to continue their service to the end. The President speaks truly when he says: "The United War Work Campaign of these societies is merely another indication of that unity of spirit as a nation that is making it possible for us to win the war."

And so, once more, let all pull together and roll up a fund which will remind the men in the service that they are not forgotten at home. They have done their work nobly and bravely. Let us prove to them once again that nobility and bravery are not wanting behind the lines.

Berlin, N. H., has decided to stick to its name notwithstanding the unpleasant associations connected with it for the last few years. And nobody will think the less of it for so doing. With towns, as with individuals, it is not the name but the character that counts.

Perhaps Russia is not so benighted, after all, as some have imagined. It is reported that she is beginning to object to the payment of further indemnity to Germany. And as a collector Germany will cut a sorry figure after the Allies get through with her.

It is said that Germany's war debt amounts to two-fifths of her total valuation. This, with paying for the damage she has done needlessly in the course of the war, will keep her people busy for some years to come.

Portsmouth is well represented in the Student Army Corps at New Hampshire College as well as in the various branches of the service. This city will have no apologies to make when the story of New Hampshire's part in the war is told.

American shipyards established a new record in October by turning out 77 ships of over 398,000 dead-weight tons. No wonder the Teuton forces begin to realize that it is time to "knock under."

That the Food Administration means business has been demonstrated in this city in a way not to be misunderstood. It doesn't pay to fool with rules and regulations laid down by Uncle Sam.

With the initiative and referendum Massachusetts will have more politics than ever. And that is entirely useless.

BREWER EDDY TELLS OF OUR BOYS IN FRANCE

At the North Church Sunday evening Brewer Eddy spoke before a large congregation, his subject being "With Our Boys on Four Battle Fronts." Mr. Eddy is an excellent speaker and having lately returned from France where he was specially commissioned to observe the work of the Red Triangle on the front, was well fitted to speak on the subject. He told much about the heroism and determination of our men in France in a manner which made all realize more keenly the necessity to raise funds in the big war drive.

Mr. Eddy held the close attention of his audience, and his talk was well worth hearing. He gave a short talk also on Sunday evening at the young people's meeting in the chapel at 6:30 o'clock.

MAY HAVE LIGHTS TO CELEBRATE

(By Associated Press)
Washington, Nov. 11.—Fuel Administrator Garfield today suspended the lightless-night order for tonight only for celebration of peace throughout the country.

WHEN THE BOYS COME HOME

When the boys come home they will value their citizenship as a priceless treasure. Their love for the flag will be boundless. They will have lived almost within its folds. They will have fought and suffered for it. To sustain American representative democracy. Which has made us the greatest nation on earth. And enabled us to save the world from scientific barbarism on the one hand, and mobocracy on the other. Having crushed militarism and bureaucracy "over there," it follows that they will not tolerate it "over here." Obviously they will vote here as they have fought there.

When the boys come home many will have "found themselves" and developed high qualities of leadership. They will enter the business and social life of the nation. And the ranks of law makers and statesmen. And these men who have guarded us against a foreign enemy. Will never surrender us to the enemies at home. Not with their consent shall state socialism be saddled upon us. Nor our commercial liberties and opportunities be abridged. By so-called Government ownership and management. By a vast army of political appointees of the business enterprises of the people. Americans will not permit their country to degenerate. Either into an arbitrary paternalistic oligarchy. Or a meddling hive of experimental socialism. With the passing of war and war measures. Our constitutional liberties will be out of danger—Especially when the boys come home.

NAVY YARD NOTES

Picking Out Shirt Waists

These are hard days for yeowomen. Even the most fluffy yellow-haired one among them has had to abandon every bit of frivolity in dress. Yesterday the edict went out about furs, and now shirt waists are to be regulated by order of the admiral. In accordance with orders from the Bureau of Navigation, these waists shall be of navy blue serge, flannel, chamois, or silk, with buttons of smoked pearl. The cuff opening will be at the outside wrist bone, and will be fastened with two buttons two inches apart. The sleeves will be slightly gathered, and the waist and collar will open down the front. There will be a plain patch pocket on the left side with a flap sewed on above it. The collar will admit of being worn unbuttoned, folded back, or buttoned high.

MR. HURLEY DISCUSSES SHIP-BUILDING AFTER THE WAR

Those Yards and Plants Which Have Produced Results Need Have No Fear of After-War Conditions

I wish to take advantage of this opportunity, through the shipyard newspapers, to reassure and encourage the efficient managers of men in American shipyards, who may fear that their efforts to provide an emergency fleet are limited by the necessities of war. I think a plain statement of the future plans of the United States Shipping Board will help to clear up certain misunderstandings and remove certain fears which, perhaps, may exist in the minds of the shipbuilders. Now, the United States Government is building a great fleet of merchant ships for permanence, a fleet to serve the world in years to come, to carry American trade and to represent truly the ideals and greatness of the American nation. The project to build the fleet was conceived in the emergency of war, but it has never been intended, nor is it intended now, that this great movement shall cease when the war is ended.

So I can say with frankness that our shipyards will be kept going to their capacity, and they must not let up. The inefficient plants which have been permitted to operate because of the war emergency and the immediate need of ships, will, as a matter of business expediency, drop out when the emergency is removed, but efficient yards will be encouraged and supported because we can depend upon them to carry out their promises and produce ships economically. In this way we will be able to compete in the markets of the world with our ships on a price per ton basis, as compared with the ships of other countries.

Ships Must Be Built

But the ships must and will be built. The work that these inefficient yards cannot do will fall to other plants. We will look to the West Coast to continue the pace it has maintained and to the yards in the East and South and in the Great Lakes region to increase their output. With the return of thousands of able-bodied, disciplined and hardened men who were called to the colors, labor problems in the yards will not be so serious. Many of these men will be absorbed back into the ship-

On Sept. 27, 1917 he enlisted in the navy as cook, was sent to the training station at Commonwealth Pier, Boston, Mass., and after completing the course was assigned to duty on the U. S. Cruiser Oreganette.

In April 1918 he received a rating; was transferred, ordered to France, and is now somewhere in European waters.

JAMES GILLESPIE

Corporal James Gillespie enlisted in the 9th Company, C. A. C. on April 1, 1918. He has done duty at Keene, N. H., Camp Devens, Ayer, Mass., and at Springfield, Mass. He is now fighting for Uncle Sam "somewhere in France."

ing, transportation, milling and fabricating industries, and their addition to the strength of industrial America will relieve the difficulty that now is experienced in getting materials to the shipbuilders. With the ending of the war we will be assured, therefore, of easier, more efficient operation than during the past, when our difficulties have been so numerous and so perplexing.

This does not mean that there will be a great reduction of the efficient labor in the yards when the war ends. The demands for the expert worker will be greater than ever, because the large part of the task of completing our program of ship construction is still before us. More riveters, shipfitters, chippers, caulkers, bolters-up, riggers and draftsmen, foremen and executives will be needed after the war.

An enormous repair and overhauling activity will spring up in connection with the shipbuilding industry. Our merchant marine will, as a matter of course, suffer from natural depreciation, wear and tear, and inevitable accidents which will give employment to thousands of men in dry-docking and repair yards.

The response to our appeals for recruits to man the new merchant ships has been splendid and most encouraging. At the end of the war I expect that life on the high seas will be elevated to a standard that will appeal to thousands of men from the Expeditionary Forces, who will not be content to remain at home after their taste for adventure has been developed by experience abroad. They will be proud to carry into the ports of the world the flag which they have defended so heroically ever there on ships of the highest class.

The continuation at full blast of every shipyard, which, by results, can justify its operation, of every auxiliary plant that is essential to the shipbuilding program, and of every co-related line of manufacture which contributes to the big idea of ships and shipping, is the first requisite to the future success of the merchant marine.

Let me repeat, that while we are building for the present emergency, we are at the same time preparing for the future development of our foreign commerce. Every competent shipworker, every technical expert and every trained executive in the yards owes it to the nation to remain at his post, where his services will count most until our ship construction program is completed. There is no ground for any uneasiness of either labor or capital now efficiently employed in producing ships. For many years to come ships—their construction and operation—are to be of most absorbing national interest.

SERVICE FLAG IS DEDICATED AT THE NORTH CHURCH

Seventy Stars, Three of Them
Gold; Patriotic Music Ren-
dered on Sunday.

An impressive service was held at the North Church on Sunday morning and conducted by the pastor, Rev. Lucius H. Thayer, the principal feature being the dedication of flags. The church was filled with a large congregation and Story Port, No. 1, G. X. R. was present by special invitation and occupied front pews.

The order of service was as follows: Organ Prelude
Sentences
Doxology
Responsive Reading
Hymn (Tune 413)
Scripture Lesson
Anthem
Prayer
Display of the National Flag
Hymn, Star Spangled Banner
Display of the Service Flag
Reading of the Honor Roll
Hymn
The Brave, Who Walk With us No More.
Response, Choir, "It Singeth Low."
Dedication of the flags, congregation standing.
Hymn, "O God, the Strength of Those Who Wait."
Prayer
Hymn, O Land of Lands, My Fatherland.
Benediction.

The sermon by the pastor was from the text: "We will triumph in thy victory and in the name of our God will we set up our banners." Psalms 20:6.

The pastor referred to France and the heroism of its people; of Belgium, a little nation which suddenly became a great nation; of England's part in the great struggle and of Italy which has well served the other nations of the earth in these great days and finally your own country coming in with the allied nations, these flags meaning a real basis of a true and lasting union.

The first to be unfurled was the National Flag and after that the Service flag; then the tri-color of France, the Belgium, English and Italian flags the congregation standing as the banners were dedicated.

The service flag had seventy stars, three of these being of gold, showing that three who had entered the service had made the supreme sacrifice and given a full expression of their loyalty and devotion; they were in memory of Miss Evelyn Petrie, Lieut. Frank Booma, U. S. A., and Christopher Smart, Jr.

The pastor paid a fitting tribute to the memory of each. He told of Miss Petrie coming to this city to take the position of district nurse and while here endeavoring to help many people. Having offered her services to do war work she was called when a unit was formed at the hospital. In Boston where she had received her training, she was sent to Fort O'Shaughnessy, Ga., and was given a commission as lieutenant in the Red Cross unit. Her death was caused by accident and on June 1 she was buried from the North church chapel with military honors.

The pastor spoke of Lieut. Frank Booma, U. S. A., a young man honored and loved by his associates. He told of his ambitious spirit, even as a boy, of his being president of his class at the high school and popular with all and a central figure in school athletic activities; his devotion to business duties and his efforts for a college education. When war was declared the young man was one of the first to enter the service and went for training to Plattsburg and later selected as one of a very small group to go to France for training. Mr. Thayer ended his tribute to the young officer by saying, "With high purpose and steadfastness he went forward to the end, beloved by the community, he died the noblest death man may die."

Christopher Smart, Jr., educated in the schools and North Church Sunday school and a member of one of its church families, and for more than two years a member of the local police force. He enlisted in the Naval Reserve and was sent to Commonwealth Pier. The pastor spoke of the strong personality of the young man; his cheer and his seemingly physical strength and his response to the call

for service to humanity, and of his leaving a memory long to be revered.

The North Church Honor Roll includes the names of persons connected with the church, the Sunday school with families of the parish. It is hung in the vestibule of the parish and lettered "Honor Roll in European War." The following are the names on the Honor Roll:

*Frank Booma, Victor G. Boss, Herbert J. Boyd, Helen D. Boylston, Earl H. Bruce, Theodore H. Butler, Omer G. Comeau, John Clair, Thomas W. Craig, William Craig, Edgar G. Crossman, Ralph C. LADIES! DARKEN YOUR GRAY HAIR

Use Grandma's Sage Tea and Sulphur Recipe, and No-body Will Know.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and attractive. When ever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a 50 cent bottle of "Wyeth's Sage and Sulphur Compound" you will get this famous old preparation, improved by the addition of other ingredients, which can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly, that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark and glossy.

PLANS MADE FOR BIG WAR FUND DRIVE

The big drive for the United War Work will be officially opened today and last for seven days. In that time it is the hope of the nation to raise the sum of \$175,000,000 for the care of our boys in the army and navy in France, Russia, Siberia, Italy or at home, in fact wherever their duty in this great war takes them. Owing to the delays in starting the drive caused by the change of time for the Liberty Loan, the original budget of the seven organization which are included in this great drive, to wit, Y. M. C. A., Knights of Columbus, representatives of the National War Council, the War Camp Community Service, Y. W. C. A., the Salvation Army, the Jewish Welfare League, and the American Library Association, all having their own work to do. They have already expended their original funds and to carry on the work for a year more a big over-subscription is needed.

The campaign was given a big boost in all of the churches on Sunday when all of the pastors referred to the united drive and urged the most liberal giving. At the Church of the Immaculate Conception, Rev. Fr. Sullivan, the pastor, spoke at all of the masses and urged everybody in the congregation to do their part. He pointed out the great help they have been to the enlisted men and also spoke of the greater need there would be to continue the work now that peace was in sight, for the men would still be in the service for many months to come. In the afternoon at the Sunday school the scholars were organized into the Victory Boys and Girls and they made a most liberal response.

At the North church, Rev. L. J. Thayer, the pastor, spoke at the special morning service on the drive and its significance, and in the evening Drew Biddy, who has been active in this kind of work since the war began, in both England and France, delivered a most interesting lecture. He told of his personal experiences in the work that is being done at the front for the men by these agencies, the Y. M. C. A., the Knights of Columbus, the Salvation Army and the Jewish Welfare League.

On Sunday afternoon the team captains met at the Chamber of Commerce rooms and they planned the make-up of the teams and the work which will begin Tuesday morning. That is, the direct canvassing. The teams will meet at 5 o'clock this evening when the territory will be laid out and the final plans made.

The city's quota is \$28,500. and it is hoped not only to go over the top but to give a big over-subscription. The slogan of a day's pay in three months, or a half a day's pay at one time, is being used, and the subscription cards may be made out either way.

The rally will be held on Wednesday evening at the Portsmouth theatre and there will be a splendid program and no subscriptions will be solicited at the hall.

MARINES DEFEATED AT DARTMOUTH

The Marine team from the navy yard were defeated by the Dartmouth Varsity team at Hanover on Saturday afternoon. It was the first time for years that Dartmouth has played any team other than from a college.

The game was played on a muddy field and in a drizzle of rain, and the college team were too fast for the Marines, who plainly lacked practice and played the old fashioned line bucking game. Moore, full back for the Marines, was a big factor in their offensive. The summary:

BOXING BOUT ON WEDNESDAY

The Rockingham A. C. have arranged a good boxing card for this city on Wednesday evening and profiting by their first show where some of the men failed to show up, the management has demanded a cash guarantee from each of the men so that they are sure to be present.

The main bout of ten rounds is between Billy Burke of Lynn and Young Brusso of Boston, both good fast boys. The semi-final is Eddie Lynn of Fox-body and Greek Alger of Boston. Flynn is well known here as a boy who carries the fighting to his man and it will be a lively bout.

The preliminary is between Portsmouth Paddy Flynn and Young Jack O'Brien of New York. Flynn, who has got a decision over Young Sueco of Boston, is stationed at this yard and those who have seen him in action say that he has a great promise. He is a clever boxer and a good two fisted, willing boy.

DRYDEN TO MEET BAILEY TONIGHT

Bill Dryden will tonight, at Freeman's hall, clash with the Shattuck shipyard strong man, Farmer Bailey, the 225-pound wrestler, who has challenged Dryden for a match. Bailey has been meeting some of the best men and has had considerable success with them. He wrestled Dryden a few years ago and was defeated, but he claims that since that time he has had a great deal of experience and is now prepared to show Dryden that he is the best man.

Butcher Stuart of the Atlantic and Young Hicks of the Shattuck are again matched, Hicks being very anxious for another try at the heat strong boy.

UNITED WAR WORK CAMPAIGN
NOVEMBER 11-18

800 WOMEN NEEDED BY SALVATION ARMY

Commander Evangeline Booth Says War Relief Work Must Be Extended.

Commander Evangeline Booth, leader of the Salvation Army in the United States, has been suddenly called upon to furnish 800 additional war work women for France. The request is contained in a report just received by her from Col. William A. Barker of the Salvationist forces, whom she sent to France over a year ago to establish hutment and general war relief work with the American troops.

"We will do all we can to fill this demand," said Commander Booth when discussing the approaching United War Work Campaign, "and the need itself should impress the American public all the more with the absolute necessity for sustaining and enlarging the war relief work of the seven organizations, besides the noble Red Cross, now merged for a drive for funds. Each is a vital cog in a vast machine for human relief, and each is indispensable, serving its particular elements in its own way."

"The Salvation Army was born in hardship, reared in privation and trained to every phase of human misery and how to cope with it. Perhaps that accounts in some degree for the success our work has attained and for which we are thankful.

"We are of the common people, and we toil on a practical basis. We learned the lesson of how to do it in the Boer war, when we stood at the side of Britain's troops and weathered it out to the end. We have been tried by fire, and the mothers and fathers of America, as in other countries, trust the Salvation Army to do the thing they would like to do for their men if they had the chance.

"With 1,210 trained workers at the front, operating from 420 huts and dugouts, the Salvation Army is doing, has done and will continue to do its best for the cause of humanity and Liberty."

CURE FOR BLUES NEAR THE CAMPS

Community Service Takes Place of Mother, Friends and Home for Soldiers.

Ten young officers of the Student Army Training Corps of the University of Detroit recently applied for a furnished house and a housekeeper who would not be a servant, but, as one young officer expressed it, "the sort of woman to whom the boys can call out 'Hello, mother!' when they come in the front door."

Homeliness is the malady for which War Camp Community Service supplies luncheonable cures.

"We've got your number," says the W. C. G. S. to the homesick boy from camp with leisure to spend in any one of the three hundred towns scattered over the country. While he's wondering what on earth he'll do with himself when he gets there, not knowing a soul in town and with a limited percentage of his "lucky per" in his pocket, along comes a friendly printed card from the local branch of his own lodge announcing a reception that night especially for soldier members. By the same mail the Methodist church sends an announcement of all its meetings, addressed to him, with this message: "You printed at the bottom: 'How did they know he was a Methodist?'"

He had forgotten about the little "Personal Card" he made out at the infant's request during his first day in camp when it was only one of the countless details in the round of dentists and doctors and general confusion. The W. C. G. S. had not only his number, but his name and address, his home town, the name of the school he'd gone to and a good bit about the things he was fond of doing—each fact written into a little blank on the card especially for him.

"No American May Refuse," Cardinal Gibbons Says

James Cardinal Gibbons, the leading Catholic churchman in America, has issued a strong appeal in support of the United War Work Campaign.

"It is an American campaign," he said. "Its appeal is one that no American may refuse. America's answer will be another triumphant announcement that we are in this war as one people, and as one nation to see it through to victory. Into the splendid work of sustaining the morale of our fighting men the great social organizations of America have thrown themselves. The American people will raise the sum they ask—generously and gladly."

CATHOLIC BOYS JOIN WAR WORK CAMPAIGN

Girls, Too, Will Stand With Them Behind Every Fighter at the Front.

To put behind every Catholic fighter in France the support of one boy or girl in every parish throughout the United States is the plan of the National Catholic War Council for backing the Victory Boys and Victory Girls "Earn and Give" Division of the United War Work Campaign to raise \$170,500,000 "for the boys over there" during the week of November 11-18.

Through diocesan, county and parish organizations, the rallying of one youngster for every man who has gone to war in every community is already under way. By their own earnings, and not by contributions, it is expected that these sturdy little sponsors for the boys abroad will each raise at least five dollars for the joint welfare work of the Y. M. C. A., Y. W. C. A., National Catholic War Council, including the Knights of Columbus, War Camp Community Service, Jewish Welfare Board, American Library Association and Salvation Army.

Boys and girls in every Catholic parish throughout the United States are already being picked to represent each fighting man who has left their church for the front. In every home that flies a service flag little brothers and sisters, sons and daughters, are eagerly volunteering to look out for the share of their family fighter in the huge joint welfare campaign for all the boys abroad.

BOOKS FOR SOLDIERS SUPPLIED BY A. L. A.

English Camp Shows the Good Work of That Organization for Our Boys.

Something like 18,000 pieces of stationery are distributed daily among 4,000 enlisted men by Uriah B. Brinkley of Iowa, Kan., as librarian at the Y. M. C. A. writing tent, Woodley Rest Camp of the American Expeditionary Forces in southern England. The number of troops at this camp varies from 9,000 to 10,000.

This single detail indicates why it is necessary for the Y. M. C. A., Y. W. C. A., National Catholic War Council and K. of C. War Camp Community Service, Jewish Welfare Board, and Salvation Army have to furnish 125,000,000 sheets a month for soldiers' letters.

Hundreds of books are taken out in this small camp, books furnished by the American Library Association and handled by the Y. M. C. A. Most of the demands are for a good class of fiction. Thirty American newspapers are received there daily. One hundred and fifty magazines are in use daily and 400 pieces of athletic equipment furnished by the "Y" are put to good use.

books contributed by the American people the association bought 580,271 books, mostly technical, of which 198,267 were sent overseas. More than 1,500,000 books of all kinds have been assigned to libraries in Y. M. C. A., K. of C. or Salvation Army huts in the war zone, a similar number being distributed in American training camps, while half a million are on warships or transports. The association has erected and operates forty-one library buildings.

The Salvation Army, with 1,210 workers, principally women, overseas, has won the affection of the fighters. Its 501 huts, rest and reading rooms are popular gathering places for the soldiers. The doughnuts fried by Salvation lassies in huts or trenches and given to the men have become famous around the world. The Salvation Army gave forty-four ambulances to the American and Allied armies and in many other ways gives constant unselfish service.

58 JEWISH WORKERS GOING "OVER THERE"

Col. Barker Bids: Godspeed to the Graduates of Training School.

The whole-souled co-operation between the seven great organizations working for the happiness and welfare of our soldiers and sailors was recently illustrated at the graduation exercises of the tenth class of the Jewish Welfare Board's Training School in New York. Col. William S. Barker, who went to France representing the Salvation Army with the first contingent of our troops and has been "over there" fifteen months, was the principal speaker and wished the fifty-eight Jewish workers of the class Godspeed, while Louis Marshall, the prominent Jewish attorney and philanthropist of New York, lauded the work of the Salvation Army among the boys at the front.

"What our fighting boys need is inspiration and heart and character in those who are there to help them," declared Col. Barker. "You will represent in the camps and overseas the ideals and standards of the Jewish faith, and it is up to you above all things to be consistent in your religious practices. Practice what you preach. That, I am sure, has been the secret of our own success. If you live up to the principles of your faith and give what you have to give from a heart big with love, the boys will respect you, whether they be Protestant, Catholic or Jew."

The newly graduated field workers will make a total of 260 men doing field work in our camps and naval training stations under the auspices of the Jewish Welfare Board. The Board has about fifty "huts" in the various camps and maintains centers in all large cities where soldiers and sailors of all faiths are welcomed. Headquarters has recently been established in Paris, and 100 men are being recruited here for overseas work. There are now nearly 125,000 Jews serving in the army and navy.

United War Work Campaign Program

The campaign begins on Monday morning, November 11, and ends at midnight on Monday, November 18. As approved by representatives of the Government at Washington the \$170,500,000 will be divided as follows:

Y. M. C. A.	\$100,000,000
Y. W. C. A.	15,000,000
National Catholic War Council (including Knights of Columbus)	80,000,000
War Camp Community Service	15,000,000
Jewish Welfare Board	8,500,000
American Library Association	8,500,000
Salvation Army	8,500,000
Any surplus will be divided pro rata.

PLAYED A GOOD GAME AT HANOVER

Marines Did Well in Such Fast Company as Dartmouth.

The foot ball team from the Marine barracks which played Dartmouth at Hanover on Saturday put up a stiff game against the professionals but were defeated 29 to 0. The grounds were in bad condition owing to the rain and considering the practice the marines have had, they deserve much

credit for the showing the eleven men made in such fast company. The marines although defeated are delighted with the work and will continue to meet strong teams just as they come along.

ATLANTIC FIRST TO CELEBRATE

Parade With 2000 Men in Line Marched From the Shipyard.

The Atlantic shipyard men, two thousand strong, did not wait for any official parade this morning but got together as soon as the hour of reporting for work arrived and came out headed by the corporation band. They paraded through Maplewood avenue, Congress, Vaughan, Daniel, Chapel, State, Middle back through Congress to Pleasant street.

At the Federal building the march was held up and addresses made by C. E. Downton, employment manager of the Atlantic and Mayor Ladd. The crowd went wild with every patriotic utterance of the speakers.

The marchers carried the flags of the several nations and one hundred men carried the large American flag following the band.

BIG WAR WORK MEETING TONIGHT

This evening at 8 o'clock the workers in the United War Work Campaign meet at the Chamber of Commerce rooms "to take their own medicine," to prove by their own personal subscriptions that they believe in the cause for which they will this week ask others to subscribe.

Mr. Frank Randall, chairman for Portsmouth, has given this outline of the plan for the campaign:

"Tomorrow the workers will split up into teams and the United War Work Campaign will begin in earnest. The business district and the industries will first be canvassed. The Navy Yard and each of the larger industrial establishments in Portsmouth have developed their own organization of campaign workers. The campaign will be extended into the residential districts on Thursday and Friday. This will be a house-to-house canvass and will be carried out entirely by the ladies, under the leadership of Miss Bertha M. Bennett and Miss Gertrude Luce. Before this week is over, every man and woman in Portsmouth is going to know what this movement means to the men in uniform, and is going to have a definite opportunity to give a little toward simple, human comforts for the men who are offering their lives for our liberty.

"There will be a patriotic rally and a big meeting following it in Music hall Wednesday evening. Tomorrow we will have a further announcement to make regarding this meeting. We are planning an exceptionally fine program for it.

"A few weeks ago Portsmouth fought the Liberty Loan campaign through to a successful conclusion against exceptional obstacles which the influenza epidemic imposed. The purpose of the Liberty Loan campaign was to provide the material requisites for success. The purpose of the campaign on which we are now entering is to provide the spiritual requisites for success. The Liberty Loan campaign provided the funds to buy artillery, ammunition, gun powder, food and equipment. This campaign is going to provide all that goes to make the morale of an army. The men in uniform have been fighting for America and the principles for which America stands.

"The work of these organizations in and around the camps in this country and Europe is keeping the boys continually in touch with all that is best in American life. It is going to keep them in touch with this influence until they are among us again.

"The United War Work Drive is a movement free from anything that in any way resembles sectarian bias. It is a movement by all the people of the nation who are not in uniform for all of the people of the nation who are. It is going to succeed because it must succeed. It is our opportunity to pay a little of the debt we owe to the men who are giving so much for us.

"This drive is going to succeed here in Portsmouth, and a good deal more than succeed."

PASSENGERS HAVE JUST REASON FOR COMPLAINING

People Obligated to Stand for Over 50 Miles on Over-Heated Train.

If ever the traveling public had just cause for complaint, the passengers on train No. 71 leaving Boston for Portland at 7 p. m. on Sunday night, are entitled to be heard on the conditions that existed on that train.

Passengers were obliged to stand in every car a distance of 50 miles or in other words from Boston to Portsmouth. To add to the troubles the cars were nearly at summer heat. One of the trainmen made himself busy entering men on the vestibule of the smoking car to go inside when there was not room for a small boy telling them they could not smoke outside. This is not a condition on Sunday night, although not so bad as on Nov. 10. It does seem that such conditions could have been avoided either by running the train in sections or putting on additional cars.

Nearly every seat in the train was

taken 20 minutes before the departure time of the train and the only relief came when the train arrived at Portsmouth where a large number of the passengers got off.

If the United States Railroad Administration and Mr. McAdoo wants to give the public a square deal, there is plenty of opportunity for such in different arrangements for Sunday night through train service on the eastern route of the Portland division.

BREWER EDDY SPOKE AT THE Y. M. C. A.

Brewer Eddy was the speaker at the meeting for enlisted men at the Y. M. C. A. on Sunday afternoon. He gave an eloquent talk and told some of his experiences in France as a Y. M. C. A. worker from where he has recently returned.

Mr. Eddy spoke in the highest praise of the fighting of the American men in France. He told of the splendid spirit among the men. He said in talking to the officers of the American of the British navy each group would say the other was the best equipped in the world. He told something about the splendid work of the Americans in the battle of Chateau-Thierry and that the U. S. marines did themselves proud.

The lesson brought out from his talk was that the men show such a splendid spirit of sacrifice on the battle field and all should not only fight for righteousness for our nation, but to serve God. He told the enlisted men that our nation has the greatest chance to help the world and each man going across could regard himself as the greatest little bit of foreign mission and has a chance to make his life count; not living for self but for the great deep underground purpose and each should invest his life where it may do the most good for all look to our enlisted men to make our country still an honored name in Europe in the years to come.

A hearty song service preceded the address and at its conclusion a Fellowship Lunch of assorted sandwiches, fruit and coffee was served by the Woman's Auxiliary.

A FEW OF THE CANDIDATES WHO ARE MENTIONED

A Good Man Could Be Picked from the List for Either Side.

The Democrats and Republicans of this city are quietly giving some time to the matter of selecting some one to head the party ticket in the municipal election. Some of the democrats are talking Dr. Ladd for a fourth term but at present the Dr. is shaking his head the wrong way in answer to those who have whispered it to him. Among the other leaders of the party mentioned are Police Commissioner Michael J. Griffin, Raphael Costello, Robert J. Kirkpatrick, Samuel W. Emery, Harry J. Freeman, Fred E. Hasty, James W. Barrett.

The Republicans believe they can pick a winner in either James F. Borthwick a former congressman, Col. John Pender, Arthur F. Howard, William A. Hodgdon, former Superintendent of Public Works, John K. Bates, Charles A. Shillaber, Everett M. Fisher and William E. Dowdell.

GIVE

The greatest humanitarian campaign in the world's history begins today, when the nation-wide campaign for the United War Work Fund is scheduled to get under way. These are the noble organizations that have now pooled their issues in one strong, combined appeal for money imperatively needed:

Young Men's Christian Association.
Young Women's Christian Association.
National Catholic War Council.
Jewish Welfare Board.
American Library Association.
War Camp Community Service.
Salvation Army.

The task is tremendous and the appeal is most opportune now that the end is near. Enormous as is the sum to be raised, it is for the comfort and general welfare of 4,000,000 men in the army and 500,000 in the navy. A nation with such sons cannot afford to be anything but generous. Peace will require more than ever that this great work of love must be continued until the men in the service are back home.
